NOW

Now is Here –

The one
and the same –

Amid time
ye have risen
above time –

Amid space
ye have risen
above space –

Hence,
time is ending –
space is ending –

Now is thine
forever

Life
is ONE –

Now –

Constant

Now
is stablished –

Now
is fruitful

Now
the Life –

The sweetly
flowing –

Now
the tendernesses'
deeps

Now
the Truth -

The call –

The daring –

Now
the grand
triumphal
sigh

Now –

Here –

To stay

Now
is present

Native
plain –

Rapt
ethereal
beauty

Now
is clear
unmoved –

And patient –

Tending

Now
is humble –

Swift
and eager
to bestow –

Fond
to heal
and lift

Now
is cheerful –

Smile
of heaven –

Now
is blest
and blesses

Now
is pure –

Making so
the lowly
and the high –

Now
is of
The Perfect

Now
is utterly
beneficent –

Bright
sweet
salutary mien –

Ending
time's illusory
relations –

Joining
in the pilgrimage
divine

Now
is free –

Untrammeled –

Open –

To the treasures
of THE ONE

Now
is innocent –

Knowing not
of past
or future –

Or of anything
at all –

But
THE ONE –

The Way
of THE ONE

Now
is simple
unaffected –

But a seeing
of The Way
and taking it –

Abounding
in the virtue
of THE ONE

Now
is ardent
to embrace
the world –

To overcome it
of itself –

And fill it
of THE ONE

Now
is gentle
in its claim –

Yet no power
can deny
its unifying graces
their enchantment –

To the hastening
return of all
in ONE

Now
is happy –

As of ONE
where many
seem to rule
yet is not ruled –

The many
which must go
by reason
of that happiness

Now
is jubilant –

What fair resources
spring
and flow –

What liberty

Now
is in its glory –

Taking up
where time
was wont
to wander –

Ones
at one
in ONE
